

# WANTED: Facebook Game Developer

---

## Project:

Write simple 'business' game on Facebook. Flash based interface planned.

## Skills:

- HTML, PHP and JavaScript
- MySQL
- Flash and ActionScript
- Prior experience with apps/games a plus, esp. FB related
- Design skills big plus

## Logistics:

- August, 2010 start planned. Flexible.
- Part-time: 15-20 hours a week commitment.
- Game launch target Nov, 2010.
- Long term potential if successful.

## What's in it for you?

- Generous stipend!
- Be **integral part of research project** understanding network dynamics with Prof. Andrea Montanari's group.
- Master app creation on new FB platform.

**Contact:** Send your CV to Yash at [ykanoria@stanford.edu](mailto:ykanoria@stanford.edu)
